HOW CAN FINDING GODSWAY HELP YOU?

No church is too small, and no congregation too old, to benefit from a website. In today's challenging landscape, a strong web presence is more essential than ever to engage your congregation and reach your community.

At Finding GodsWay, we provide top-quality websites and services tailored for churches, ministries, and organizations.

*Our **FGW Web Helper** program is one of our standout features. This service helps manage your content by ensuring that important information, events, and announcements are always up to date on your site.*

Everyone at Finding GodsWay is a long-standing member of the Methodist Church, which means we understand your needs deeply.

One service our clients love is **the FGW Web Assistant**. With this service, we keep your website content up-to-date by pulling information from your bulletins, newsletters, and other important documents.

We'll even create simple web graphics for your key events. All of this is provided at no extra charge – *with our compliments*.

FGW is known for building and managing custom websites for churches, tailoring them to meet your exact needs. As the digital landscape evolves, we ensure your site remains state-of-the-art, designed to scale seamlessly on any device—whether it's a computer, smartphone, tablet, or even a large-screen HDTV.

We offer three Web Packages; Stewards, Disciples, and Apostles.

- The **Stewards Web Package** is perfect for those seeking an informational website. It provides all the essential details about your church and ministry.
- The **Disciples Web Package** offers an intermediate, interactive site. In addition to the essential information, it includes a dynamic online library and Photo Gallery to engage your visitors.
- The **Apostles Web Package** is our most advanced option. It combines everything in the Stewards and Disciples packages, with added features like a Media Center and Media Player for hosting worship videos, audio files, Bible studies, pastor's messages, teachings, and more.

If you are live streaming on YouTube or Facebook, or hosting videos on these platforms, we'll embed those directly onto your website. This gives your visitors the option to watch your videos on your site or on your social media platforms. This service is included in all of our Web Packages.

WE KNOW THE CHURCH

Web Packages & Pricing

Finding GodsWay offers you a great website, tailored to your needs. We'll install your content and can manage it for you, or you can take control yourself. The bottom line is: we'll develop, maintain, and drive traffic to your site, helping you connect with your congregation and community!

No Contracts to Sign

Working with Finding GodsWay is hassle-free. There are no contracts to sign, and we don't require payment by credit card. In addition to our affordable Web Packages, we offer a No Risk 30-day money-back guarantee.
